Congratulations, Sin Uoo Park ! I heard you were proposed by the queen of Seong Hak in the lobby.

If you are trying to make a joke, Your timing is very bad.
I am in a very bad mood right now.
Yeah, whatever, you have too much luck in women.
Isn't Aram enough for you ?
I am tired.
Your muscles around mouth are twitching. You look as if you are about to laugh out loud.
.....
Let's begin, shall we ?!

휘이이이
Hmm ...
Let's go !
It's getting
colder, ma'am !
Just few more
minutes !
The meeting will
end soon.

JS
I have to watch you guys closely. You guys may just wonder off anytime.
It's cold and it's windy. Let's just go home, ma'am.
Men have less fat than women. It's really cold for us ...
Cover yourself with this then !
Oh ~ Aram is waiting for you.
A couple is offically born between a king and a queen.

You .., why are you waiting here ...
Where is your jacket ?! Why are you wearing only a blouse in this cold weather ?!
Your hand is freezing !
Drink this. it will warm you up.
.....

Why?
You don't
like coffee?
Do you want
milk ?
Sir, we
are freezing
as well ...
Get it
yourself !
Hic - !
Can't you at least
take care of your
own clothing.
Even if you have
a steel body,
in this cold weather
....
.....
Did you not
like me eating?
why ...
Don't talk like
I am the bad guy.
I did not mean
that way ....
?

But ...., it's free.
Free food tastes good.
Besides, I don't have any money.
I meant I didn't like the way you begged for food ! You take food from anybody like a begger !
Let me see your wallet !
Here, you have a credit card ! Why don't you use it rather than begging for food ?!
I thought it was a telephone card.

Have you seen ... a credit card for the first time ?
So, this is the card mother used to hide in a safe in case we run away with it?
From now one, use that bard ! You can even use it in the cafeteria in this school !
Since credit cards leave proof for buying and selling, it reduces tax fraud. So, the government recommends it. And it increases tax income. So, almost all stores accept cards !
No matter how much you use it, you won't even exceed its credit limit anyway !
This... is like Genie from the lamp ?

No !!
Sin loo told her the top secret
She is going to eat everything
Aram's 24 inch waist will not stay
두근
With this can eat anything want
두근
Everything
You bad boy

Why not ?!

You know that you've got some issues, don't you.
If you know how I am don't hang around me anymore
Why are you getting on my nerve with that face of yours. Is this because of this face. Does this face suits your taste.
Sometimes I recalled you from the old days. You were always being chased by your brothers and often fell down in front of me. It seems I had avoided you not to be bullied by your brothers.
But I wanted you to get up on your own. It was just that you could begin to rely on me once. I help you. It's not like I can help you everytime you fall.

But you right now have even more desperate eves even more pain and fear
So want to help you for now
